Vol. XX

WEDNESDAY, MAY 9th, 1923. 1923.

No. 18

## Compound Interest

Suppose a boy of 18 determines to save six dollars a week. At three per cent compound interest he will have on his twenty-fourth birthday \$2,037 of which \$165 will be interest.

The longer your savings account grows the larger it grows and the faster it grows. Is compound interest helping to make you independent?

It is your money. It CAN be done.

## AROUND THE TOWN

Miss B. Beveridge spent the week end at Calgary.

Bob Eubank of Edmonton is a visitor in town.

Mr. W. J. Grant spent the week end at his home in Lacombe.

Mr. and Mrs. Harold Aikenhead returned to Calgary last week.

Mr. R. Yeats spent the week end in Calgary.

Mrs. Beatrice Leger spent the week end visiting her parents.

Mrs. Edwards was a visitor in town during the week end.

Mr. J. Brett of the Union Bank is back in town after following at Lacombe for some time past.

Mrs. Norman Clarke has returned from Vancouver where she has been the guest of her sister.

Mrs. Hilda Morrison, who has been attending Normal, is home for a visit.

Mr. Ed. Clemons of Calgary was in town during the week end to attend his brother's wedding.

Mr. James Clark, of Lacombe, England, has taken over the position formerly occupied by Miss L. Rupp, in Mr. Chambers Drug Store.

The Didsbury Opera House continues to draw fair crowds from Olds and surrounding districts to the good shows they are putting on.

Mr. and Mrs. J. V. Berckel, son Lennie, and Mrs. M. Stevens of Edmonton were the guests of Mr. and Mrs. Allen Hansperger on Sunday.

If you are invited out for the evening you usually go. Our advertising columns are invitations. Shop where you are invited to shop.

Mr. McNeill conducted the services in the Olds Presbyterian church on Sunday while Rev. Mr. Wood conducted the services in Didsbury.

The W. C. T. U. will hold their regular meeting at the home of Mrs. W. J. Hilyard on Friday, May 11th at 2 p. m. All ladies invited.

Bill Mueller and Arnold Lissauer have returned home from Edmonton where they have been attending Varsity.

A number of young people from Didsbury attended the Saturday night dance at Carstairs. All reported a good time.

A petition to the Council is on its way round, asking that the Wednesday half holidays be observed in this town from May 20th to August 21st sounds like summer, doesn't it?

It seems to pay T. Eaton's, R. Simpson's, Hudsons Bay Co., etc., to advertise. Why not the local merchants? People will shop where they are invited to shop.

Mother's Day will be observed on Sunday, May 13th, in the various Sunday schools and churches in Didsbury. Red and white carnations will be on sale Saturday at Mr. J. V. Berckel's store.

Gasoline prices took another tumble of 2 cents, a gallon in Calgary on Monday. This is the second reduction in a short time so far this season. Gasoline is now selling at 10 cents per gallon in the city.

Two congregations of the English church surprised Mr. and Mrs. Geo. Harrison at their home last week. A social evening was spent and at eleven thirty a family lunch was served. Mr. and Mrs. Harrison were presented with a silver bread tray on which the names of their guests were engraved.

Mr. and Mrs. Geo. Harzaog and family left on Monday for Edmonton where they will visit Mr. Harzaog's brother before going to Vancouver. Their many friends both in town and distant are sorry to see

them leaving but will wish them every success in their new sphere of life. They have resided here for about nine years, and Mr. Harrison will leave behind as a monument to his skill as a builder most of the fine business blocks in town as they were built by him or under his direction shortly after the big fire. He was also a prominent member and worker in King Hiram Lodge A. F. and A. M., of which lodge he is a Past Master.

## A Fine Shower

A jolly time was spent in the Oddfellows Hall Wednesday evening, May 2nd, when the hall was filled with friends of Mr. Harold Clemons and Miss Esther McLeese who had gathered to give them a miscellaneous shower. When all the guests had arrived Harold and Esther were brought to the hall in a car all fitted up with bells, and led into the hall which was darkened, with the exception of one light in the centre of the room which had been covered with a large colored paper bell from which streamers hung down to a table beneath, containing a couple of dolls in wedding regalia and apparently ready for the minister to appear. Beneath the table was a large clothes basket which was filled with the sundry articles brought to the shower and several other pieces too large to go in the basket.

The lights were turned on and the couple were presented with chairs at the table, when Mr. Phillipson on behalf of those present made a short witty speech and then told them to unspack the basket. Many were the beautiful articles uncovered to view and there were also a few jokes in the deck which we won't mention here, a list could probably be got from Harold however. Harold on behalf of himself and Esther very feelingly thanked those present for their good wishes and many tokens of esteem and then the floor was cleared to make way for games. About eleven o'clock a family lunch was served after which those who danced stayed to trip the light fantastic for about an hour. Harold was then called on for a solo and after he had practically forced to the piano very ably rendered "Let the Rest of the World go by."

The crowd then joined hands in singing "For He's A Jolly Good Fellow" and then adjourned.

## DIDSBURY NOW IN RED DEER CONSTITUENCY

The special committee on redistribution of seats in the federal parliament have agreed upon the final distribution. Some changes have been made in the Calgary ridings which affect Didsbury.

A row of townships to the north of the east and west ridings of Calgary have been taken off those ridings and added to the Red Deer constituency which makes Didsbury and District a part of that constituency for federal purposes.

Instead of the Fifth Meridian being the dividing line between the east and west Calgary ridings the division will now be in two townships west of that line.

## VIOLA DANA STRIDES INTO NEW PICTURE

Viola Dana began in a violent and artificial rainstorm, the making of her newest photoplay for Metro, "Seeing is Believing," being shown at the Didsbury Opera House next week.

The initial scene required the building of a street set two blocks long on the Metro lot in Hollywood and the manufacture of the driving locomotive of rain. This was provided by the usual wind machine to send flurries of spray across the street, and by the playing of fire hose upon the rooftops of the buildings, so that the water would stream down naturally from eave and drain. Illumination of the set came from a battery of powerful lamps, each of 10,000 candlepower strength. Mr. Beaumont, the director, commanded a crew of thirty-five men in the production of the storm.

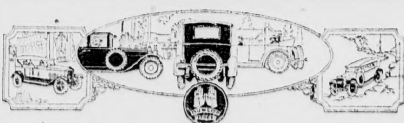

The action required of the star in this wet set was to drive down the street in a small automobile and kick a little midway. She did, the little car whirling around twice as she applied the brakes.

## MODERN DRESSMAKER

Have full supply of latest style books. Any kind of fancy work done. N. Pedersen, Phone 51. 2pts

**BORN**—At the Didsbury General Hospital on Wednesday, May 2nd, 1923, to Mr. and Mrs. R. J. Lovell, a daughter, Elsie Martha.

Although last Monday was Arbor Day we didn't see many trees planted around here.

# JETLAND NEWS

Mr. and Mrs. N. Tishe had the misfortune to lose their baby last week. Please accept our sympathy. Right on the point at 5 a. m. come rise good fellows, come rise with good will, for we are all jolly fellows that follow the plow. That is the motto of one of our neighbors, isn't it, Velma?

The W. C. T. U. held their regular meeting at the home of Mrs. Smith. On account of the busy season the attendance was not very large but they had an enjoyable time all the same.

A number of our baseball boys are getting new suits made. We will not know our boys, will we?

There was a pleasant pile of roots which on charity deeds was bent.

For to warm some little feet in boots.

But they were covered with gold that was not spent.

Until King Lucifer came along And sent them up in smoke.

Ah! Lloyd.

## AUCTION SALE

Under instructions from Harber Bros. and Cressman I will sell by public auction on S. E. 1 Sec. 24-20-2, 1 mile north and 14 miles west of Carleton Place, or 6 miles south of Didsbury, known as Cressman's Corner, on MONDAY MAY 14th, 1923

The following:—

### HORSES

Matched team of bay geldings, 2 and 6 yrs., wgt. 2500 lbs.; Team geldings 6 and 7 years, wgt. 2500; Buckskin 10 yrs., wgt. 1200; Sorrel gelding 5 yrs., wgt. 1100; Bay mare 7 yrs., wgt. 900; Bay gelding 7 yrs., wgt. 1000; Bay colt 2 yrs.; Sorrel gelding 6 yrs., wgt. 1000; Saddle horse 5 yrs., wgt. 1050.

### FIRST FORTNIGHTLY CROP REPORT

Issued by the Department of Agriculture, Ottawa, Edmonton, May 4th, 1923.  
Seeding of the 1923 grain crop is now general over the province of Alberta, and is proceeding under fairly favorable conditions. The opening of the season found the soil over the greater part of the province in very dry condition, which tended to restrict the area prepared for crop. During the past two weeks, however, there has been some precipitation, which encouraged the farmers to prepare more land.

Taking the province as a whole, the area now ready for crop is about the same as last year, but in most districts the farmers are holding back for better moisture conditions before seeding all of the land prepared. In the south western district and in some of the central districts of the province, a somewhat larger area than last year, in several cases as high as 15 per cent, more is being seeded. In the north eastern section the area being seeded is less than the previous season. In the re-

garding sections of the province the area is about the same as in 1922. What seeding operations over the province as a whole are between 50 and 75 per cent completed, and the seeding of oats has commenced. The moisture at present in the soil is sufficient for germination but not for any heavy growth. The weather during the past week has been alternately warm and cool with light precipitation of rain and snow. Fall crops are showing well in most of the districts where this crop has been planted. Alfalfa in the southern districts has come through with practically no winter killing.

There has been a marked increase in many districts in acreage of corn for both fodder and grain. In some cases areas of from 10 to 100 acres of this crop are being planted.

Reports received by the Department show little indication of grass hoppers so far, some reports stating that eggs do not appear to be as numerous as last year. The Department, however, is making every preparation to combat the pest in its appearance.

## BY AUTO ON THE GULF OF GEORGIA

An inspiring vista of the west coast Archipelago.

WHO has not heard of the thousand isles of the Gulf of Georgia? This Gulf is a ramification of the great strait of Juan de Fuca famed in legend and history, through which the Spanish navigators sailed hundreds of years ago, and which is now one of the important trade routes of the world. It separates Vancouver Island from the mainland of British Columbia and the State of Washington, and is one of the most beautiful waterways known to man.

The city of Victoria, at the extreme south end of Vancouver Island, has several ferry lines connecting it with the mainland, but as the steamship services in the past have proved inadequate for the large crowds of summer visitors and motor tourists, the Canadian Pacific Railway Company has put into service a fast-going vessel which operates twice daily between Victoria and Bellingham, Washington. The ferry is an important addition to the Canadian Pacific fleet and its name, "Motor Princess," is appropriate in that it is the first vessel of the company, operating on the Pacific, to be equipped with internal combustion engines. These engines give the boat a speed of about fourteen knots. On the two main decks there is parking space for fifty automobiles, and there is well appointed accommodation for two hundred and fifty passengers, saloon, restaurant,

Radical view of the "Motor Princess" showing method of starting cars. Smoking room and deck spaces for rooming.  
The route travelled by the ferry is marked by islands, some of them many miles in extent others genuine little islets which make the waterway a succession of beautiful pictures. The traveller is

further entranced by the magnificent view of Mount Baker standing garbed in its everlasting mantle of snow among its satellites the foothills. This lovely mountain is on the mainland near Bellingham, and, beautiful and inspiring, it is seen at its best when travelling to or from Victoria.

### A Good Beginning

At a time when many people are inclined to look at the dark side of things, and when there is much unnecessary and quite needless "blue rain" talk, it is encouraging to read the reassuring statement made to the House of Commons by the Minister of Railways regarding the operation of the Canadian National Railways for the year 1922.

The pessimistically inclined will, of course, say there is nothing very encouraging in a deficit for the year of \$80,251,875, but when it is recalled that the deficit for the previous year totalled \$72,662,742, the improvement is indeed gratifying, revealing, as it does, a betterment of a million dollars a month.

The most promising feature, however, is that whereas there was an actual deficit on account of operation in 1921 of \$12,638,775, this operating deficit was wiped out in 1922 and replaced by a surplus on operation of \$2,262,782. The 1922 deficit was, therefore, occasioned solely by meeting fixed charges.

In other words, whereas the Canadian National Railways went deeper into the hole, as the saying is, in 1921, that downward course was arrested last year and a little something earned in applying meeting fixed charges. This would seem to indicate that the peak in financial losses has been reached and passed, and that improvement from this time onward may reasonably be expected.

Support for this belief is found in the fact that last year's results were achieved notwithstanding a reduction in earnings occasioned by reduced charges to the public. The reduction in operating costs were however still greater, due to the introduction of numerous economies. Operating expenses on the system, other than the Grand Trunk, were reduced by \$12,550,127, and on the Grand Trunk by \$2,857,231. Whereas it cost \$12,222 to earn \$100 in 1920 on the system apart from the Grand Trunk, and \$12.77 to earn \$100 in 1921, it only cost \$16.19 to earn \$100 in 1922, and on the Grand Trunk the ratio dropped from 55.32 per cent. in 1921 to \$7.94 per cent. in 1922.

Other economies and savings effected since the amalgamation and unification of the whole system and the assumption of the presidency by Sir Henry Thornton will only begin to reveal themselves in 1923.

Had it not been for the reduction in charges to the public which went into effect last year, the showing for 1922 would have been considerably better. The Minister of Railways estimated that the restoration of the Crow's Nest Pass rates last year resulted in a reduction in earnings on grain alone of \$6,566,000.

The figures for 1922 seem to fully justify the belief expressed by the Minister of Railways that the publicly-owned Canadian National Railways system will eventually prove to be the success which every Canadian hopes it to be. And, as Hon. Mr. Meighen pointed out, with an end to deficits in operation, the loss on account of fixed charges is not entirely a loss to Canada because, once the system reaches the stage of returns over and above fixed charges, the deficits in previous years will become interest bearing assets of the people of Canada. Furthermore, if under private ownership, the railways were not able to meet their fixed charges, Canada would have been called upon to assist them in the form of loans, or bonuses.

The appeal which Sir Henry Thornton recently addressed to the Toronto Canadian National employees should be interpreted as an appeal, not to them alone, but to the whole body of the Canadian people. Pointing out that technical ability alone would not win victory for Canada's national railway system, Sir Henry appealed to every employee, no matter how humble the position he held in the service, to take a pride in the road; to talk it up, not down; to do everything possible to avoid waste; to be courteous to all and especially to the public; to try and make a friend of a day for the C.N.R., and at all times, even in the face of difficulties and disagreement, to smile, and be civil.

If the rank and file of the Canadian people will cultivate the habit of regarding the Canadian National as their own personal property—which it is—and exert themselves to make it a success, no power on earth can prevent it from being a success, and one of the greatest of the many great assets of which the Canadian can proudly boast. It may be the time being constituting something of a burden for the taxpayer to carry, but by all working and pulling the load the day is not far distant when the Canadian National will be an important factor in helping not only in the development and prosperity of Canada, but in lightening the tax bills of the Canadian people.

## CROWN BRAND CORN SYRUP

could not have maintained its unchallenged position in Canadian homes if it were not the best. The best is not too good for your table.

### Household Hints

Valuable Recipes for the Busy Housewife

**Wells Mock Mince Pie Filler**  
 1 lb. fresh green tomatoes, 1 lemon.  
 1 tablespoon vinegar.  
 2 pounds sugar, 1 tablespoon cloves.  
 1 tablespoon cardamom.  
 1 tablespoon nutmeg.  
 1/2 cup vinegar, 1 teaspoon salt.  
 2 pounds Shire Malt seedlings rubbed.  
 Chop tomatoes fine and cook 1 1/2 hours, then add sugar, spices, juice of lemon, vinegar and chopped raisins, then add salt and pepper. Cook half hour. Will keep in glass jars the entire winter and is delicious.

#### Palace Hotel Raisin Pie

Soak one pound of seeded Muscat Raisins in water three to four hours; drain off and put in saucepan, cover with water, add hind and juice of a lemon and a little black currant juice, add sugar to taste and boil for a few minutes. Stir in at last, while boiling, 1/2 ounces cornstarch diluted with water. Cook before filling in lined pie plate; cover and bake in moderate oven.

#### Pie Crust

1 cup flour, 1/2 teaspoon salt.  
 2 tablespoons shortening, ice water.  
 Put flour into a bowl and mix shortening in with the finger tips, add salt and mix well. Add enough ice water to bind together well. Roll out and fit to pie plate.

### You May Be Ill To-Night, Have You a Remedy?

It may be a disordered stomach, perhaps cramps or acute indigestion, but you have no remedy handy, and are bound to suffer. Twenty drops of Nerviline in sweetened water will ease the pain and enable you to get a good night's sleep. Whether it is Neuritis, Sick Headache, or some other minor ailment or pain, Nerviline can be used internally or externally, and will be found a true friend for every family. Large 50¢ bottles sold everywhere.

If a man never speaks harshly to his wife, he is either considerate or cautious.

### CHILDHOOD INDIGESTION

Nothing is more common in childhood than indigestion. Nothing is more dangerous to proper growth, more weakening to the constitution or more likely to pave the way to dangerous diseases of the alimentary tract than the minor ills of childhood have their root in indigestion. There is no medicine for the little ones to equal Baby's Own Tablets in relieving this trouble. They have proved of benefit in thousands of homes. Concerning them Mrs. J. M. Lapeere, immaculate Conception, Que., writes: "My baby was great sufferer from indigestion and the Tablets soon set her right and now I don't need them. I doubt them if I could not find my medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont."

#### Brain of Living Child Photographed

A method of photographing the brain of a living person without affecting the health of the patient has been discovered at the University Hospital, Philadelphia. Working in the clinic of Dr. Charles Frazier, Dr. Temple Fay and Dr. Francis C. Grall made several dissections of the inside of the brain of a ten-month-old baby. These photographs may prove invaluable in the treatment of water on the brain and cerebral tumors.

The ease with which corns and warts can be removed by Hollister's Corn Remover is its strongest recommendation. It seldom fails.

#### Ship Live Poultry to East

New Plan May Revolutionize Poultry Business in Alberta

From experimental shipments made in the province last year, the business of shipping or disposing of Alberta's poultry products will likely be revolutionized in the near future by shipments of live instead of cold-killed poultry to Eastern Canada, according to a statement made by the Superintendent of the Provincial Poultry Department. In this connection the railways have agreed to provide special eight-cent cars with wire sides and feeding facilities.

#### Alberta High-Grade Seed

Provincial Government Plant Ships Seed to North and South Dakota

Two carloads of Alberta good wheat, cleaned and graded at the Government plant at Edmonton, were shipped to the States recently, one car going to farmers in North Dakota and another to farmers in South Dakota, for seed purposes. Another car went from the Government plant to Steele Hedges Co. at Toronto. The plant, which is operated by the Department of Agriculture, has already marketed nearly seven hundred bushels of high-grade seed.

#### Minard's Liniment for Neuralgia

#### Immigration Shows Increase

Many Arrivals From Old Land Pass Through Winnipeg for Prairie Centres

Almost three times the number of passengers were brought to Winnipeg and the prairies from the Old Country by the Canadian Pacific Railway during the first three weeks of March, compared with February, according to an announcement. From March 1 to 20, 1,170 passengers arrived in Winnipeg en route to prairie centres, while in February there were only 406, and in January 286. Since the first of the year there have been 2,653 passengers brought to the three prairie provinces and British Columbia.

#### Longest Lived Fish

The pilch, though greedy and fond of heavy meals, is slow growing, and is believed to live longer than any other species of fish. A Swiss naturalist has recorded the history of one that was 267 years old. It had spent its entire existence as a prisoner in a fish pond.

# ASPIRIN

UNLESS you see the name "Bayer" on tablets, you are not getting Aspirin at all

Accept only an "unbroken package" of "Bayer Tablets of Aspirin," which contains directions and dose worked out by physicians during 22 years and proved safe by millions for

Colds Headache Rheumatism  
 Toothache Neuralgia Neuritis  
 Earache Lumbago Pain, Pain

Handy "Bayer" boxes of 12 tablets—Also bottles of 24 and 100—Druggists. Aspirin is the trade mark registered in Canada of Bayer Manufacturing of Monrovia, Germany. It is the only name that is well known and used in every part of the world. To avoid the risk of getting cheap imitations, always look for the Bayer cross on the box and the Bayer cross on the tablets.

## Violent Scenes Are Witnessed In British House Of Commons

London.—Perhaps never since the days of Barmecide's destruction has such a scene of violent uproar been witnessed in the House of Commons as that which transformed the ordinarily placid chamber into an absolute bedlam. The disorder arose primarily out of the defeat sustained by the Government, by a small majority, on a mere technical point.

Right Hon. Stanley Baldwin, Chancellor of the Exchequer, introduced a motion framed to counteract this defeat only to meet with a storm unexampled in present-day parliamentary annals, in the face of which the Speaker, powerless to obtain a division, declared the motion carried under closure, and the House adjourned.

Amid the general uproar from the Labor benches were heard the singing of "The Red Flag." It was the first time the chamber of the "Mother of Parliaments" ever echoed with its familiar words and tune. Consequently it was a somewhat startling innovation, but which seemed to attract significance to it. None of the London papers refer to the singing of "The Red Flag," as having any special significance, and the Laborite Herald gives it no more prominence than the others.

The Laborites clearly felt that they had a big stick to wield against the Government in the interests of ex-service men, which was the question originally before the House. In this attitude the Labor members are likely to receive the support of the whole Laborite electorate.

## CORNS

Lift Off with Fingers

Doesn't hurt a bit? Drop a little "Eucalypti" on an aching corn. Instantly that corn starts to lift off. You shortly you lift it right off with your fingers. Truly!

Your druggist sells a tiny bottle of "Eucalypti" for a few cents, sufficient to remove every hard corn, soft corn, or corn between the toes, and the calluses, without soreness or irritation.

Coal For Switzerland

Berlin.—Swiss firms have begun the importation of South African British and United States coal on account of prolonged stoppages of shipments from the Ruhr. Several steamers have already sailed from South Africa with coal for Swiss firms.

Howard Carter Is Taken Ill

London.—Howard Carter, co-discoverer with the late Lord Carnarvon, of the tomb of Tutankhamen, has been taken ill, and Lord Carnarvon is delaying her return to England in consequence, according to an Egyptian Telegram dispatch from Cairo.

## HEADACHE?

Take the famous Minard's and take it freely. It gives quick relief for every headache.

W. N. O. 1468

## BARELY LIVED THROUGH IT

A terrible experience had Edw. J. O'Connor, of Sault Ste. Marie. From his bed, he writes: "I have been a constant sufferer from Asthma and Catarrh. My nose and throat was often stopped up, and I had disagreeable droppings from my throat. When an attack of coughing came on, it seemed as if I were being strangled through it. I would gasp for breath. Catarrh made me well. It's something leading action was exactly suited to my case." To those who suffer from Catarrh, Asthma, Throat Infection and Bronchitis, Catarrh is highly recommended. Two months' treatment, one dollar, smaller sizes 25¢ and 50¢, at all dealers or The Catarrhine Co., Montreal.

## New York to Peking By Air

First Step to be Made at Winnipeg in Long Flight

Philadelphia.—An air route between New York and Peking, China, has been organized which will make possible a trip by passenger airplane in 24 hours. Brig. Gen. William Mitchell, Assistant Chief of the United States Air Service, told the Chamber of Commerce, Winnipeg will be the first stop. The second stop will be in Nome, Alaska. The cost to each passenger would be about \$1,200.

General Mitchell said he had just organized the route, and the time was not far distant when the first trip would be made. Four stops will be made aloft.

There will be only 21 miles of water to cross at the tip of Alaska, he said. The third stop would be near the Amur River, in Siberia. Starting from New York at 5 o'clock in the afternoon, passengers would be landed in Peking on the morning of the third day, he said.

## Increase In Living Cost

Statistics Show March Average Slightly Higher Than February

Ottawa.—A slight increase at the beginning of March over February was shown in the average weekly cost of the family budget, according to figures compiled by the statistics branches of the Department of Labor. In some sixty Canadian cities the average cost of 29 staple goods for a family of four was \$19.79 as compared with \$19.51 in February, and \$19.51 in March, 1922. In June, 1920, the budget cost \$16.92, while in March, 1911, the cost was only \$7.85.

## School Lands Sold

Revenue from Quarter Sections in Pre-emption Area 12,254.854

Ottawa.—A total of 8,821 quarter sections of school lands within the Dominion lands pre-emption area were sold to December 31, 1922, according to information given in the House by Hon. Charles Stewart, Revenue amounting to \$12,254.854 was derived from these sales and at the end of last year the balance remaining unpaid was \$15,687,471.51. The number of quarter sections purchased and afterwards surrendered to the Government was 1,264.

## Progressive Candidates Elected

Moose Jaw, Sask.—After one of the latest anomalous political campaigns in the history of this part of the country, B. N. Hopkins, Progressive candidate, defeated Hon. W. E. Knowles, Liberal nominee, by 1,291 votes, with no counting polls to be heard from. Mr. Hopkins' election is considered, but his majority may be cut down somewhat by the returns from 25 or 30 polls in the district along the United States border.

Wheat from Vancouver to Scandinavia Vancouver.—For the first time in the history of the port, arrangements have been made to ship wheat direct from Vancouver to Norway and Sweden, looking of 281,250 bushels for that market being recorded at the Vancouver Merchant's Exchange. In the past, Vancouver grain has found its way indirectly to Scandinavian ports, but this is the first time in which direct arrangements have been made.

DODD'S KIDNEY PILLS GAVE RELIEF WHEN OTHER MEDICINES FAILED

Mrs. Mary McLean Suffered from Rheumatism and Kidney Trouble and Was Relieved by Dodd's Kidney Pills.

The Point, West Bay, Richmond Co., N.S.—(Special).—"I suffered from Rheumatism and Kidney trouble, and after spending a considerable amount of money on other medicines, I tried Dodd's Kidney Pills. They have done more good than any other medicine I have ever taken."

Mrs. Mary McLean, who lives here, makes this statement. She says that Dodd's Kidney Pills are all that they are claimed to be.

Dodd's Kidney Pills are no experiment. They have been relieving Kidney disease in all parts of Canada for over a quarter of a century. Dodd's Kidney Pills act directly on the Kidneys, strengthening them, so that they do their full work of straining all the impurities out of the blood. Uric acid crystallizing in the muscles causes the pain known as Rheumatism. With no Uric Acid in the blood there can be no Rheumatism. Ask your druggist for Dodd's Kidney Pills, do not make sound Kidneys.

## To Encourage Immigration

Ocean Passages for Immigrants from Europe to be Reduced

Montreal.—With a view to encouraging immigration from Europe, the Canadian railways have arranged that, effective with the opening of navigation, via the St. Lawrence route, a substantial reduction will be made in immigrant fare on business from Europe to Canadian points. The new fares to Winnipeg and the west will be on an approximate pre-war basis, and effective, with sales in Europe, on April 15.

Arrangements have also been made that, effective May 1, settlers from the United States, desiring to take up land in Canada, will be accorded a material reduction in their fares.

## Prepare For Whiskey Smugglers

American Prohibition Agents to Cope With Liquor Shipments From Canada

Washington.—Now England prohibition agents are advising Commissioner Hayes that they are preparing for a spring opening of liquor shipments from Canada.

Roads in the States along the Canadian border are clearing rapidly of snow, and it was expected that fleets of motor trucks of smugglers from Canada soon would be on their way. The prohibition men say they are prepared to cope with the situation.

Give your local merchants a chance. Buy at home.

## Manitoba Government Decides To Introduce Wheat Board Measure

### Annual Grant to Fairs

Dominion Livestock Commissioner Says Western Class A Fairs to Receive \$5,000

Edmonton.—Western fairs on Class A list, such as Edmonton, Calgary, Regina, Saskatoon and Brandon, will receive annual grants of \$5,000, so H. S. Arkell, Dominion Livestock Commissioner, stated at a conference of representatives of exhibition associations, provincial governments and livestock associations held here.

This official also stated that within two and at the most three years, federal grants for "Class B" fairs would be dropped. Restricting of favored draught horse breeds to Clydesdales, Percherons, Belgians and Shires while there would be two kinds of light horses, thoroughbreds and standard bred, was approved of by the meeting. There was a great degree of unanimity on the beef cattle classes, shorthorns, Herefords and Shorthorn Angus being approved of.

Considerable discussion took place over the dairy cattle eliminations, particularly as a number of Alberta delegates were lodging with the Jerseys while Saskatchewan was supporting the Guernseys.

Finally, a motion favoring the Holstein and Ayrshire only was passed, while the selecting of another dairy or dual purpose breed was left to the discretion of the various fair boards, who will act in consultation with Ottawa.

### Honor Danish Explorer

London.—The King has approved of the plan to bestow the Founder's Medal of the Royal Geographical Society on Knud Rasmussen, the Danish explorer, for his explorations and research in the Arctic in the past 25 years.

Winnipeg.—Premier Bracken moved in the Legislature a resolution providing that it be considered expedient for the Government to introduce a bill to confer certain powers on the Wheat Board. The bill, the Premier said, had not been printed yet. It was at least the same bill as that put through in Saskatchewan. Every fair would be given, he said, for a full discussion of the bill on second reading.

Major E. G. Taylor, Conservative leader, said that because the resolution was allowed to pass now, it must not be concluded that his party concurred in the principle thereof. As far as Mr. Taylor's point was concerned, he could not imagine a bill being introduced by a special message from the Lieutenant-Governor without it being considered a Government measure.

Mr. Bracken, in reply, declared he proposed to discuss the bill on its merits.

"I may say," said the Premier, "that regardless of what may be regarded as proper, we are not going to force anyone to vote one way or another, and I hope the parties opposite will do likewise."

The resolution was adopted and the bill was introduced and read a first time.

### Keep Stomach and Bowels Right

By giving baby the harmless, purely vegetable, infant and children's cathartic.

MRS. WINSLOW'S SYRUP

brings establishing, gratifying results in making baby's stomach digest food and bowels move as they should at feeding time. Guaranteed free from narcotics, opium, alcohol and all harmful ingredients. Safe and satisfactory. At All Druggists.

## They Do a Hundred Calories in About 9<sup>3</sup>/<sub>5</sub>

EAT a box of little raisins when you feel hungry, lazy, tired or faint.

In about 9<sup>3</sup>/<sub>5</sub> seconds a hundred calories or more of energizing nutrient will put you on your toes again.

For Little Sun-Maids are 75% fruit sugar in practically predigested form—levulose, the scientists call it. And levulose is real body fuel.

Needing practically no digestion, it gets to work and revives you quickly.

Full of energy and iron—both good and good for you. Just try a box.

Dunsberry, Junction City, Oregon. 4c16

**FOR SALE**—Aberdeen Angus bull, also some registered Berkshire pigs. Phone 1608, O. Spivy. 2p17

### CLEMENS—MOLNESS

A very pretty wedding took place on Saturday, May 26, at one o'clock, when the marriage of Esther, daughter of Mrs. and the late Mr. J. J. Molness, to Mr. Harold Clemens was celebrated by the Rev. Dennis. The bride wore a neat navy blue tulle suit over a burnt orange lace blouse and wore a picture hat to match.

Her sister, Mrs. L. Johansson was her only attendant, while Mr. Ed Clemens acted as best man.

About 42 immediate relatives were present.

After the ceremony the happy couple left for Calgary by car and will spend some time away on their honeymoon.

### TENNIS COURTS REMOVED

The tennis meeting called some time ago was so poorly attended that nothing was able to be done. Word was received from the City Department of the C. P. R. that the two courts on the C. P. R. Park be immediately removed, which has been done, and so tennis seems to have rather fallen through here.

It is too bad that the C. P. R. has had the courts removed as they were not only in a suitable location but were well kept up and were of some benefit to the community, while now the Park is absolutely useless and is certainly not a beauty spot of the town. The tennis courts helped to relieve its barrenness and at least provided some use to be made of it.

The trouble in the first place was that the courts were made before permission was asked from the City. It is understood that when he was asked permission was only given to use them for a year. When the year was up, instead of further taking the matter up the Club continued to use them for two years, when of course the Superintendent gave orders to remove them.

Should the Tennis Club wish to carry on, courts will probably be made near the baseball grounds although the C. P. R. Park site is really the best at present and if the Superintendent were reasonably approached, some amicable settlement might be made.

### JASPER NATIONAL PARK

Jasper Park Lodge, the hostelry which the Canadian National Railways has created in an Alpine setting in the heart of Jasper National Park, will open for reception of guests this season June 1st to September 30. Many reservations have been made at this early date, among which are the Alberta and British Columbia Press Associations, which will hold their 1928 joint convention at the Lodge June 7th, 8th, and 9th.

Of the great Canadian Parks, Jasper National Park, which has an area of 1,400 square miles, is without peer. Jasper Park Lodge, rustic in all its appointments, yet with every modern convenience for the comfort of tourists, has been established by Canadian National Railways in this paradise of the Rockies, to house travelers who respond to the compelling lure of the mountains. Motor roads and trails for saddle or pack horses, reach out in every direction, making accessible this mountain fastness, where bird and animal life is unspoiled and everything is as nature planned it, and which until a few years ago had known no other sound than the soft voices of nature. Horse-back riding throughout this vast amphitheatre of mountains, is the most popular pastime, while hiking, hunting and canoeing, as well as dancing, tennis, quarts and other summer sports occupy every minute of the day if so desired. Jasper National Park belongs to the Canadian people. To enjoy anything is to know it before traveling to foreign parts. Canadians should get acquainted with the supreme scenic areas of their own country.
